LIBERTY BAPTIST CHURCH

January 21, 2015

Jenkins and Stiles
10617 Deerbrook Dr.
Knoxville, TN 37922

To Jenkins and Stiles:

On behalf of our congregation I want to let you know how much we appreciate your company. We know that the repair of our steeple and roof was a major expense for your company. Despite that expense, you took care of the problem and our church is very pleased with the results.

Let me take a moment to thank various persons who worked with us to resolve this problem. We appreciate Bart Jenkins making several trips to our church to assess the situation and making the decision to do whatever it takes to correct the problem. Todd Stiles did a wonderful job of overseeing the repairs and clearly communicated to me your company's commitment to excellence.

Tim Hamby and Thomas Perry were great to work with. They gave great attention to detail as the repairs were being made. They communicated with me each day and answered my questions with courteous professionalism. They represented your company well.

I brag on your company every time I have the chance. I continue to recommend your company to churches looking for an excellent general contractor. We ask God to bless and prosper your company.

Sincerely,

Paul Frick, Pastor
